**ROCKY MOUNTAIN EXTENDS CLOSING OF
PREVIOUSLY ANNOUNCED PRIVATE PLACEMENT**

ROCKY MOUNTAIN RESOURCES CORP. (the "Company") (RKY:TSX-V) Further to its news release of January 21, 2009, the Company reports that it has extended the closing of its previously announced private placement of up to four million units at the price of CDN\$0.30 per unit for up to 30 days.

Rocky Mountain Resources is an industrial metal and minerals exploration and development company focused on development and production. Phosphate is an essential element of fertilizers and is necessary for growth and health of all plant life. Vanadium is an alloying metal used to strengthen steel and has shown significant increases in demand and pricing since 2003. Information on the company and the projects is found at www.rkyresources.com.
