ROCKY MOUNTAIN RESOURCES CORP. APPOINTS NEW PRESIDENT

Rocky Mountain Resources Corp. (the "Company") reports that Thomas DeMull has resigned as President of the Company and Brian J. McAlister, a director of the Company, has been appointed as the new President.

Rocky Mountain thanks Mr. DeMull for his contribution to the Company and wishes him well in the future.

Rocky Mountain Resources is an industrial metal and minerals exploration and development company focused on development and production. Phosphate is an essential element of fertilizers and is necessary for growth and health of all plant life. Vanadium is an alloying metal used to strengthen steel and has shown significant increases in demand and pricing since 2003. Information on the company and the projects is found at www.rkyresources.com.

ON BEHALF OF THE BOARD

"Brian J. McAlister"

Brian J. McAlister, President
